#change in - **/var/www/html/advocate-app/web/webpack/admin.js**

change last line with below line

mix.js('resources/js/admin/index.js', 'public/admin-app/').react();;

npm run development -- --watch

php artisan serve

php artisan make:migration motor_accident_claim_tribunals

php artisan migrate

 php artisan db:seed

php artisan key:generate

for single file migrate

php artisan migrate –path=/database/migrations/2023_06_14_061449_create_court_cases_table.php

if above link didnt work then below one

php artisan db:seed –force

npm install -g serve

serve -s build

composer require laravel/passport

php artisan passport:install
